

**SUMMARY OF LLWR EMERGENCY ARRANGEMENTS PROGRESS
(Period September 2010 - March 2011)**

Operations Demonstration exercise

Two demonstration exercises have been carried out during this period. – one in October and one in February

The next demonstration exercise will take place on 9th June 2011

All actions from the previous exercise in October were closed out. Some minor actions are ongoing from the February exercise.

General

- Emergency exercise programme running to schedule
- Outcomes from the exercises are action tracked. Currently no significant outstanding issues.
- A series of exercises specifically testing conventional, rather than radiological emergency response, have been carried out

Radsafe

An exercise was carried out at the LLWR site last December simulating a road traffic incident involving a half height ISO container and containment breach. This enabled LLWR to test its ability to recover a container from such an incident.
