

## West Cumbria Sites Stakeholder Group

### **Summary Report to the WCSSG Meeting October 2010 Socio-economic Sub committee**

#### **Key Items Discussed**

NMP socio-economic activities  
NDA socio-economic activities  
Sellafield Ltd socio-economic activities  
Britain's energy coast projects

#### **Issues/Findings**

- The socio-economic impact on West Cumbria through the loss of jobs within NDA and Sellafield Ltd. CBC has requested an initial impact assessment of the impact of these changes with both the NDA and Sellafield responding positively to this request.
- Sellafield Ltd provided an overview of their sustainable procurement, Corporate social responsibility and business integrity programme. The committee has raised consistently significant concerns about the lack of monitoring of its contractors delivering on their socio economic responsibility and request that this is a separate agenda item on the next WCSSG Committee meeting to ensure all members are aware of the socio economic committees concerns and can hear first hand how Sellafield intend to rectify this.
- Britain's Energy Coast provided an overview of projects which are planned and committed in west Cumbria
- Suppliers continued to present their socio-economic plans to the socio economic sub committee
- NMP provided information of where funding through the Cumbria Community Foundation fund is being distributed
