

## NUCLEAR MANAGEMENT PARTNERS

# Who are we?

- **Nuclear Management Partners** is a consortium comprising **URS Washington Division** of the United States, British company **AMEC** and **AREVA** of France.

**NUCLEAR MANAGEMENT PARTNERS**

## Who are we?

- AMEC has been actively involved in Cumbria for more than 40 years. It has been at Sellafield for 25 years continuously and has played a leading role in the development of most of the major projects. The company is now a key player in the decommissioning programme.
- URS Washington Division has been providing project management and a range of engineering services to BNFL at Sellafield, the Low Level Waste Repository near Drigg and other sites since 1999. Washington Group worked as a partner with BNFL from 1999 to 2004 and was responsible for managing numerous projects on the Low Level Waste Repository, while AREVA has been providing advice and consultancy services at Sellafield for many years.

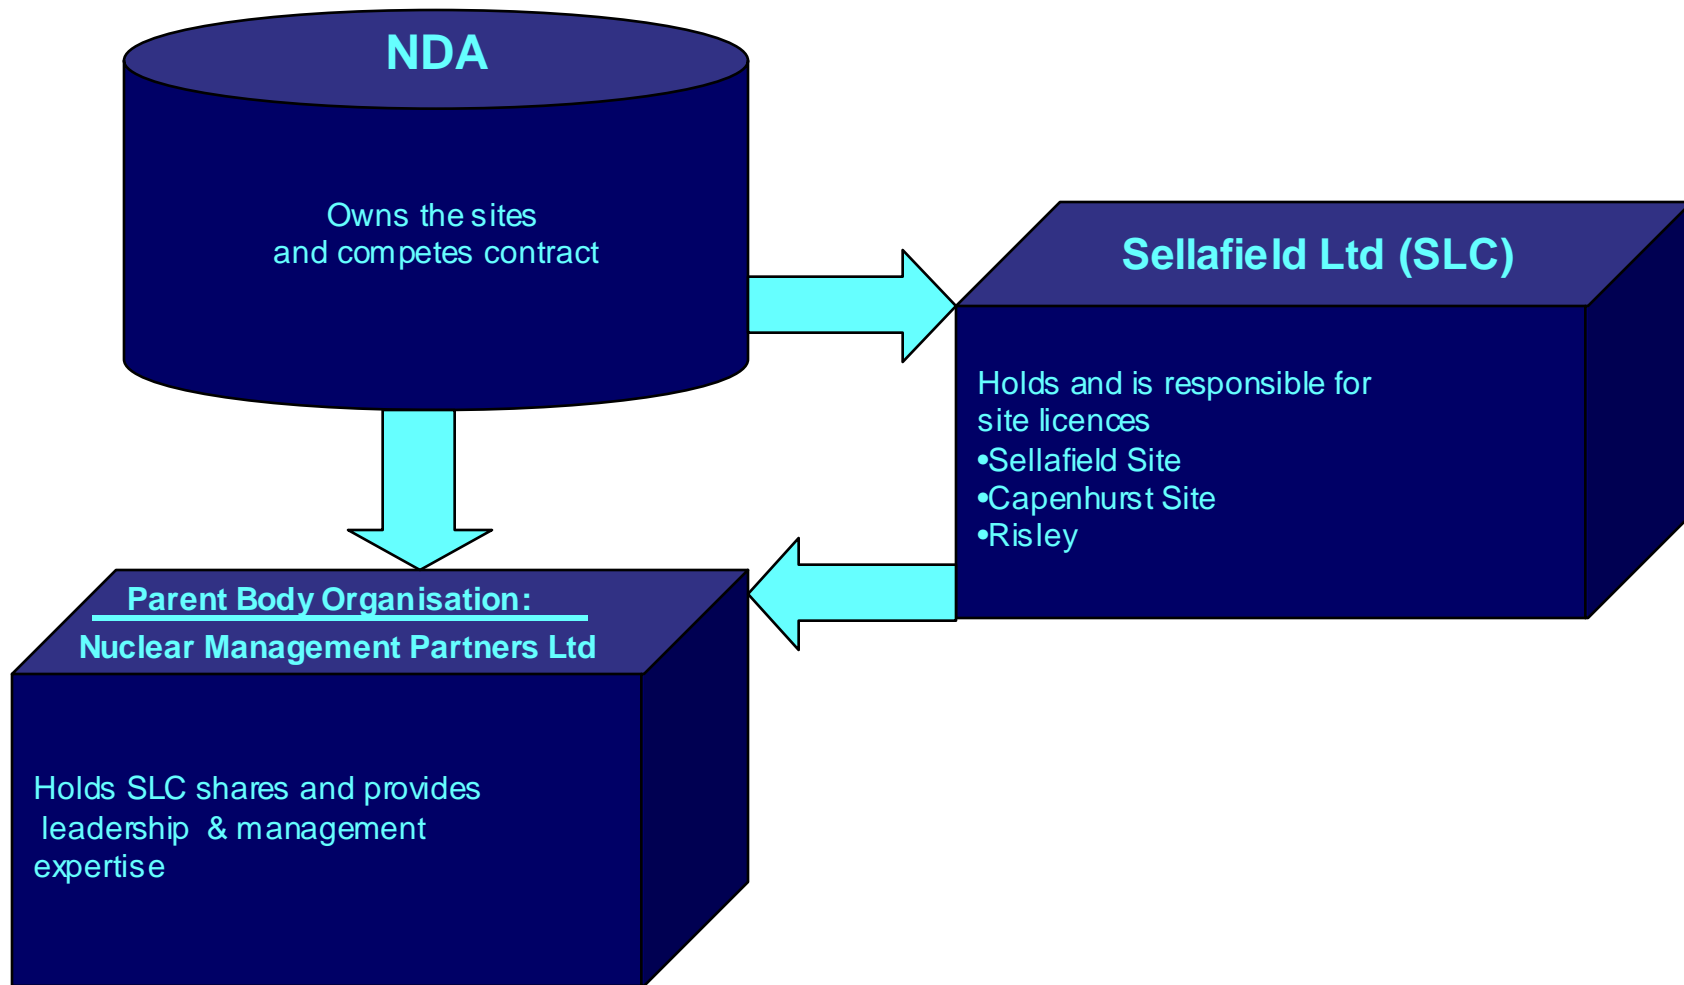

**NUCLEAR MANAGEMENT PARTNERS**

## Who are we?

- In November 2008 the consortium was successful in becoming the new **Parent Body** for Sellafield Ltd through an **NDA** competition. The contract to manage the Sellafield Ltd sites covers the Sellafield nuclear complex in Cumbria in the north west of England, the Capenhurst decommissioning plant in Cheshire, and offices in Risley, near Manchester.
- Initial five-year contract
- Opportunity for a further 12 years

# Structure

**NUCLEAR MANAGEMENT PARTNERS**

# Our Values

- **Safety**
  - We will actively care for each others safety
- **People**
  - We will enable and encourage each individual to reach their full potential
- **Respect**
  - We will value people as they are – the abilities, contributions and participation of all
- **Integrity**
  - We will do what is right
- **Commitment**
  - We will do what we say when we say we will do it
- **Learning**
  - We will create a climate of continuous learning

**NUCLEAR MANAGEMENT PARTNERS**

# Our Approach

- The Right **People**
  - Exec Directors hand picked for position
  - Build on existing skills in SLC
  - Develop individuals
- Established **Partnering**
  - Open/transparent
  - All stakeholders
- Proven **Performance**
  - Output based
  - Visible metrics
  - Disciplined baseline management
  - Safe execution

**NUCLEAR MANAGEMENT PARTNERS**

## **NMP's promise to the Community**

- Dedicated to support West Cumbria through Energy Coast Master Plan
- Promote this area as a Centre of Excellence
- Provide financial support to the region
- Use executive expertise
- Reachback – If we don't have it here, will find it!

**NUCLEAR MANAGEMENT PARTNERS**

## NMP's Socio Economic Financial Package

- Provide up to £ 20 million over the five year period of the current contract
- Create an NMP Community Fund of £ 500,000 year for the duration of the contract
- Ad hoc support for other projects previously announced:
  - Main Sponsor for Whitehaven Rugby Club
  - £ 100,000 for Whitehaven Festival
  - £ 15,000 for Cumbria Fire & Rescue Service

**NUCLEAR MANAGEMENT PARTNERS**

## NMP's £ 4 million a year Socio – Economic support

- Delivered in full support of Energy Coast Master Plan
- Will operate through West Cumbria Vision
- Created new Funding Partnership with NDA and Sellafield (SLC)
- Available for projects as defined by WCV
- Confident that together this funding will make a real difference to West Cumbria

**NUCLEAR MANAGEMENT PARTNERS**

## NMP's Community Fund

- NMP announced in November that as part of the successful bid to decommission Sellafield, it would include a £2.5 million community fund working in partnership with the Cumbria Community Foundation (CCF).
- The CCF manages funds and bequests available to voluntary groups and individuals mainly in Copeland and Allerdale.
- Awarded through the existing West Cumbria Grants Panel of CCF
- First grant will be announced in July
- The Cumbria Community Foundation has a track record of utilising these types of funds to best effect and we will be working with them to ensure that optimum benefit is achieved for those areas, groups and individuals most in need in West Cumbria and that it does not duplicate existing efforts

## Relation with the Stakeholders

- In between winning contract on July 11 and Share Transfer on Nov 24 we saw as many stakeholders as we could
- Maintained strong links with local political leaders (MPs, council leaders and officers etc)
- Worked with Regeneration companies to help set up West Cumbria Vision Board
- Now doing new round of stakeholder groups. This is first opportunity.
- This is in addition to routine stakeholder meetings at events, conferences, rugby matches

**NUCLEAR MANAGEMENT PARTNERS**

# Relation with the Stakeholders

## Skills and Training

- Strengthen education and skills development to meet Sellafield's current and future needs.
- Diversify skills base including arranging additional training for staff to work outside Sellafield in the wider nuclear industry.

## Social Infrastructure

- Continue to support sports, cultural events, community organisations
- Work with local communities to understand how we can get involved with social initiatives and schemes.

**NUCLEAR MANAGEMENT PARTNERS**

# Conclusion

- Safety is our number one value
- People + Partnering  Performance
- Looking for a partnering relationship with community
- Substantial physical and financial resources
- Coherent strategy between NDA/ NMP and SLC
- We are not here to impose – we are here with genuine help and willing to listen

**NUCLEAR MANAGEMENT PARTNERS**
